

**18.84.210: LOCATION OF GASOLINE PUMPS:**

Gasoline pump islands shall be set back not less than eighteen feet (18') from any street line to which the pump island is vertical and twelve feet (12') from any street line to which the pump island is parallel and not less than twelve feet (12') from any residential zone boundary line. If the pump island is set at an angle on the property, it shall be so located that automobiles stopped for service will not extend over the property line. In no case shall pumps be set closer than twelve feet (12') from any street line, nor closer than ten feet (10') from any side or rear property line. All construction shall comply with the fire prevention code of the municipality and all applicable federal and state regulations. (Ord. 2002-05, 3-20-2002)
