D. Planned Unit Development - Development Standards

1. Required Elements -

h. Noise Attenuation. When in the opinion of the Community Development Director, a proposed planned unit development may be situated in a noisy environment which will adversely affect the peace, tranquility and privacy of its inhabitants or surrounding inhabitants, an acoustical analysis may be required. Said analysis shall be conducted by a qualified acoustical engineer and include a description of the noise environment and the construction or other methods necessary to attenuate the noise to the required level according to the noise standards of the City's Noise Ordinance.
