

#### 6.7.10 Storm Drains and Facilities

Catch basins, piping, and other facilities for the disposal of storm water shall be installed in all new subdivisions, unless it can be demonstrated to the satisfaction of the County Engineer that buildings, roads, streets, curbs, utilities, and other facilities can be constructed without the necessity of constructing such facilities. The location, size and design of said facilities shall be in accordance with the County's current storm water disposal plans and standards, or as directed by the County Engineer.
