

## Section 1003 Rules for Locating Boundaries.

Where uncertainty exists as to the boundary of any District, the following rules shall apply:

1. Wherever the District boundary is indicated as being approximately upon the Center line of a street, alley, or block, or along a property line, then, unless otherwise definitely indicated on map, the center line of such street, alley, block, or such property line, shall be construed to be the boundary of such District.
2. Whenever such boundary line of such District is indicated as being approximately at the line of any river, irrigation canal, or other waterway, or railroad right-of-way, or public park or other public land, or any section line, then in such case the center of such stream, canal, or waterway, or of such railroad right-of-way, or boundary line of such public land or such section line shall be deemed to be the boundary of such District.
3. Where such District boundary lines cannot be determined by the above rules, their location may be found by the use of the scale appearing upon the map.
4. Where the application of the above rules does not clarify the District boundary location, the board of Adjustment shall interpret the map.
