

[Chapter 15.04 SUBDIVISIONS](#)

Section 15.04.270 Blocks.

- A. The maximum length of blocks shall be one thousand, three hundred (1,300) feet and the minimum length of blocks shall be three hundred (300) feet.
- B. The width of blocks shall be sufficient to allow at least two tiers of lots, unless because of design, terrain, or other unusual conditions, the Planning Commission approves otherwise.
- C. Blocks intended for business or industrial use shall be designed specifically for such purposes, taking into consideration zoning requirements for off-street parking and loading. (Ord. 5-1988 § 1 (part): Development Code 3-5-3)
