

12-1-14 INDUSTRIAL PARKS

12-1-1401 PURPOSE

The purpose of an industrial park is to provide for a park-like healthful operating environment for industry, or the protection of industry from the encroachment of uses adverse to the operation and expansion of such industry, and to protect industries within the district from the adverse effect of other incompatible industries. These regulations are intended also to reduce the impact of industries to surrounding non-industrial land uses; to lessen traffic congestion; to protect the health and safety of the residents of workers in the area and within the city in general.
