

## 12-1-1601 COMMERCIAL PERFORMANCE STANDARDS

---

### 6. Trash Containment

Storage areas containing garbage or rubbish containers (dumpsters) shall be screened with landscaping or opaque fencing. Each wall or fence shall be at least equal in height to the containers or dumpsters to be screened and shall be sufficient to screen such facilities from a public street or neighboring lot. No outdoor storage shall be located within thirty (30) feet of any residential use and no storage shall be permitted between a required front yard from the street to the building line.
