The GMRF-1 Grazing, Mining, Recreation, and Forestry District has been established as a district in which the primary use of the land is for grazing, mining, recreation, forestry, and wildlife purposes. In general, this district covers the open portion of the county which is occupied largely by grazing lands, mountains, and canyons.

This district is characterized by naturalistic land areas containing an occasional ranch, mine, or recreational camp, dude ranch, or other outdoor recreational facility

The objectives of establishing this district are:

1. To preserve, insofar as possible, natural scenic attractions, natural vegetation, and other natural features located within the district.
2. To promote tourism, grazing, mining, and the development of natural resources.
3. To promote sanitation and protect and conserve the water supply and other natural resources.
4. To prohibit substandard, urban type developments
5. To coordinate with programs of public land agencies.
