

16-01-260 Water and Sewerage Requirements.

In all cases where a proposed building or proposed use will involve the use of sewage facilities, and a connection to a public sewer system as defined by the Utah State Division of Health is not available; and in all cases where a connection to a public water system approved by the Utah State Division of Health is not available: the sewage disposal system shall comply with official requirements. The application for a building permit shall be accompanied by evidence of the physical presence, legal right to and availability of culinary water acceptable to the county and showing the actual physical presence, legal right and availability of a sewer system for the proposed building or use.
