

**19.44.100 Building height.**

A. No building or structure in an R-M zone shall contain more than six stories or exceed seventy-five feet in height, and no dwelling structure shall contain less than one story.

B. Accessory Buildings.

1. No building which is accessory to a dwelling shall exceed twenty feet in height. For each foot of height over fourteen feet, accessory buildings shall be set back from property lines an additional foot to allow a maximum height of twenty feet. (Ord. 1509 § 8, 2003: Ord. 1102 § 20, 1990: prior code § 22-22-9)
