

19.54.130 Building location, construction and design.

All buildings and accessory structures in the FA zones, including single-family dwellings, shall be located, constructed, and designed in compliance with the development standards set forth in the foothills and canyons overlay zone, Section 19.72.030, "Development standards," and in Chapter 19.73 of this title, "Foothills and Canyons Site Development and Design Standards." (Ord. 1417 § 6 (part), 1998)
