

#### 19.55.160 Access.

The number of access points along public streets shall be minimized by sharing and linking parking areas with adjacent properties. Reciprocal ingress and egress, circulation and parking agreements shall be required to facilitate the ease of vehicular movement between adjoining properties. On corner sites access points shall be located as far from the corner as reasonably possible and in no case less than forty feet from the point of intersection of the property lines. Vehicular circulation shall be designed to limit the intrusion of traffic into residential areas, and minimize access on streets used by schoolchildren. (Ord. 1113 § 1 (part), 1990)
