

Chapter 19.70 AOZ AIRPORT OVERLAY ZONE

19.70.170 Conical zone--Height limitations.

The height limitation of the conical zone shall slope upward and outward twenty feet horizontally for each foot vertically, beginning at the periphery of the horizontal zone and at one hundred fifty feet above the airport elevation, and extending to a height of three hundred fifty feet above the airport elevation. (§ 1 (part) of Ord. passed 8/22/84: prior code § 22-30A-16)
