

6-6: MOBILE HOME PARKS

E. STANDARDS AND CONDITIONS

All mobile home parks shall conform to the following standards and conditions.

13. Fire Protection

- a. Two (2) ABC type fire extinguishers shall be maintained in operable condition and accessible locations within each mobile home.
- b. The County Commission may require additional fire protection or policies when recommended by the Utah County fire marshal to conform to adopted fire codes or standard fire protection practices in the area.
- c. The mobile home park owner and operator shall maintain the hydrants, fire equipment boxes, and all other fire-fighting facilities in a functional condition.
