

10-17-8: LIGHTING:

In nonresidential parking lots identified in section [10-17-2](#) of this chapter, lighting shall be used to illuminate the parking lot during evening business hours. All lights shall be arranged to reflect the light away from adjoining premises used for residential or sleeping purposes, and away from street traffic. (Ord. 2001-815-O, 12-17-2001, eff. 12-17-2001)
