

G. Landscaping:

1. The entire area between the curb or edge of roadway and the setback line shall be landscaped. This may consist of any combination of plant materials along with necessary walks, drives and other appurtenances necessary for the development of the property.
2. Landscape plans shall make provision for erosion control on all graded sites which will remain vacant after construction is completed. (Ord. 2001-815-O, 12-17-2001, eff. 12-17-2001)
