

11-5-7: FENCES AND GUARDS²⁴ :

In locations where a land subdivision abuts or is adjacent to public or private grazing land, a fence, of material and quality satisfactory to the county commission, shall be erected around the outer limits of the subdivision as it is shown on the subdivision map. The county commission may also require the installation of cattle guards on any street entering the proposed subdivision from other existing streets. (Ord., 6-5-2000; amd. 2004 Code)
